Photo Highlights

The "King of Rock and Roll" is back! Welcome Elvis back to East Troy Manor! He was a superstar by the late 1950s with his hit songs like Heartbreak Hotel and Jailhouse Rock. Lets Rock with Elvis, Please join us for this Special Event.

Online Reviews For Reprint

My sister of 88 was sent there to heal from a broken rib n she was not happy she was not going home. They scheduled a person to keep her company until she settled in n understood she needed to be there. The staff was so warm, welcoming and ready to assist with any need that popped up. Noel got friendly with all the help n enjoyed the company of residents as well. When she left most if not all staff on duty came to wish her well n let her know she was a joy to be around.. You couldn't ask for a better outcome than that. I will always be grateful for the attention and care they gave my sister.

Save the Date

Popcorn Fun Facts to Snack On

Popcorn isn't just a tasty treat—it's a snack with a story. Here are some bite-size kernels of trivia to munch on:

Americans enjoy about **13 billion quarts** of popcorn every year, more than any other country!

Nebraska, part of the Corn Belt, **leads the nation in popcorn production**.

The word **"corn"** originally meant **"grain"** in Old English. When Native Americans introduced maize to early Europeans, they simply called it "corn."

Popcorn has been around for thousands of years—**archaeologists have found kernels over 5,000 years old!**

Popcorn pops because each kernel contains a tiny bit of water. When heated, the water turns to steam, building pressure until the kernel bursts open. Some kernels even jump as they pop!

Charles Cretors invented the steam-powered popcorn machine, revolutionizing the snack world.

Movie theaters popularized popcorn thanks to **Glen W. Dickson**, who placed machines **inside his theaters**—making it an instant and affordable hit.

Popcorn isn't just for afternoon matinees or cozy movie nights—when enjoyed plain or lightly seasoned, it's **a light, fiber-rich snack that can be a healthier option.**

From classic butter and kettle corn to chocolate-drizzled, caramel, spicy cheddar, truffle, or even birthday cake flavors, popcorn offers something for every taste.

Winter Maze Activity

Exercise your brain by guiding the skier through the forest to reach the finish line. Once you've found your way, use markers, crayons, or colored pencils to color and complete the scene.
