"My mom has been staying at Holton Manor. It's a wonderful place. This community is really great because they have activities on either the rehab side or the residential side. They have activities all day long. The one thing I love is that they keep my mom busy. When she gets a little tired, she'll walk herself with her walker to her room and take a little nap, and then get up and go rejoin an activity or join a new activity. They are very personable. My mom says it's a five-star place. She does have Medicare and Medicaid in Wisconsin. They have full meals. They all go to the dining room. The food is really good. They have some young folks doing the cooking. It's very tasteful. Whatever their dietary need is, it would be catered to that person's diet. This place is really clean and smells good. They have coloring. They play bingo. You definitely get what you pay for." Menyon

# Winter Maze Activity

Exercise your brain by guiding the skier through the forest to reach the finish line. Once you've found your way, use markers, crayons, or colored pencils to color and complete the scene.
