

ANNOUNCEMENTS

Call Box instructions:

When your visitor arrives please instruct them to use the call box. Your name and unit number is listed in the call box.

To locate your name and unit number, instruct the visitor(s) to scroll until they find your name with your unit number, then hit call.

**A quicker more efficient way to use the call box is to tell your visitor(s) your unit number. The visitor can simply just press your unit number on the call box. (Example)

If your unit is 999, tell your visitor to press 999.

The system will automatically place a call to the number you put on file with the leasing office. When you receive the call, answer and please ask who is it. Make sure that the person is your visitor(s).

If you want to give them access to the building: press the number **9 on your phone. (Please don't hold the number down no longer than 1 sec) When you release the number **9**, this is what unlocks the door for your visitor(s). 0

To disconnect the unwanted visitor without granting access, just hang up your phone.

****Residents are responsible for controlling their visitor(s) access to the building.**
