JUNE 2026

A Fitting Tribute

We are proud to share a heartwarming story from our community that beautifully exemplifies the spirit of giving back to the community and remembrance. Gerry E., recently made a touching donation in the memory of her late daughter, Lynne. In a heartfelt gesture, Gerry donated Lynne's vintage Girl Scout handbook and sash from the 1950s to the Juliette Gordon Low House, the original headquarters of the Girl Scouts located in SC. This meaningful contribution honors Lynn, who passed away at the age of 13.

To facilitate this special donation, Gerry enlisted the help of Carian T. and Troop 77555. During their recent Girl Scout trip to South Carolina, to tour the Juliette Gordon Low House, where they proudly presented the book and sash on behalf of Gerry and in the memory of Lynne.

At a recent Girl Scout meeting and bridge ceremony, Gerry was gifted a commemorative picture book documenting the trip and the donation from Troop 77555 and their Girl Scout leaders. This event not only celebrated Gerry's kindness but it also served to keep Lynn's memory alive in the heart of all those who knew and loved her.

ASSOCIATE SPOTLIGHT

We are thrilled to announce that Brandi has been named Employee of the Month! Brandi is a med-tech here at WRO, and her exceptional leadership and calm demeanor were on full display during a recent incident when the pendant system at went down. Brandy quickly assessed the situation and ensured that all residents were safe and accounted for. Her ability to remain composed under pressure and her dedication to the well-being of our residents did not go unnoticed by her department head. Thank you, Brandi, for your outstanding commitment to our team and the residents we serve. Your actions exemplify the values we hold dear at Waltonwood. Keep up the fantastic work!

FOCUS ON FITNESS Alzheimer’s and Brain Awareness Month

June is Alzheimer’s and Brain Awareness Month, an annual observance raising awareness on Alzheimer’s disease and other dementias. For years the Waltonwood family has partnered with the Alzheimer’s Association to support the mission of a world without Alzheimer’s and other dementias. While there still may not be a cure, taking proactive steps and developing healthy lifestyle habits have been shown to slow the onset of the disease and delay its debilitating effects. Much like heart health, cognitive health can benefit greatly from increasing physical activity and exercise, eating a well-balanced nutrient rich diet and effectively managing stress. It’s never too early or too late to start taking better care of ourselves and small changes today can help lead to healthy years to come.
