Resident Spotlight: Zoltan Karassy

ADVENTURE OF A LIFETIME!

DANCING WITH THE STARS

At 95 years young, Zoltan Karassy recently enjoyed an unforgettable evening at *Dancing with the Stars Live!* at the iconic Fox Theatre in Detroit. With VIP tickets and an exclusive meet-and-greet with the professional dancers, Zoltan had the opportunity to experience the excitement of the show up close. As a lifelong ballroom dancer and instructor, this special event was a perfect fit for someone who has spent years sharing his passion for dance with others.

Zoltan credits dancing with helping him stay active, vibrant, and young at heart. His enthusiasm for life continues to inspire everyone around him, proving it's never too late to pursue things that bring us joy! 🌟💃🕺

Madelyn (Mady) Formosa

Mady has been a wonderful addition to the Waltonwood team and is approaching her third year with us. She consistently demonstrates a caring and compassionate spirit with all of our residents, making a positive impact each day through her kindness and dedication.

In addition to her outstanding work at Waltonwood, Mady does an excellent job balancing school, work, and tutoring students in math. She is always willing to step in and pick up extra shifts when needed, showing her strong work ethic and commitment to the team.

A graduate of Plymouth High School, Mady will soon be attending college to pursue a career in the nursing field. She is truly a ray of sunshine, and we are excited to watch her continue to grow and succeed in her bright future.

Congratulations, Mady, and thank you for all that you do!

Alzheimer’s and Brain Awareness Month

June is Alzheimer’s and Brain Awareness Month, an annual observance raising awareness on Alzheimer’s disease and other dementias. For years the Waltonwood family has partnered with the Alzheimer’s Association to support the mission of a world without Alzheimer’s and other dementias. While there still may not be a cure, taking proactive steps and developing healthy lifestyle habits have been shown to slow the onset of the disease and delay its debilitating effects. Much like heart health, cognitive health can benefit greatly from increasing physical activity and exercise, eating a well-balanced nutrient rich diet and effectively managing stress. It’s never too early or too late to start taking better care of ourselves and small changes today can help lead to healthy years to come.

Executive Directors Corner

As summer begins and the warmer weather arrives, we would like to remind everyone about the importance of staying hydrated. Drinking fluids frequently throughout the day is especially important during the hotter months to help everyone feel their best and stay healthy. As part of our hydration program, our snack and beverage cart continues to travel throughout the community daily offering resident’s opportunities for refreshments and hydration. We encourage everyone to take advantage of these offerings and enjoy a variety of beverages and snacks throughout the day. Also, save the date for our Father’s Day BBQ on Thursday, June 18th! More details and a flyer will be coming soon. We look forward to celebrating together with great food, fun, and community spirit. Thank you!
