FOREVER FIT: FOCUS ON FITNESS

Alzheimer’s and Brain Awareness Month

June is Alzheimer’s and Brain Awareness Month, an annual observance raising awareness on Alzheimer’s disease and other dementias. For years the Waltonwood family has partnered with the Alzheimer’s Association to support the mission of a world without Alzheimer’s and other dementias. While there still may not be a cure, taking proactive steps and developing healthy lifestyle habits have been shown to slow the onset of the disease and delay its debilitating effects. Much like heart health, cognitive health can benefit greatly from increasing physical activity and exercise, eating a well-balanced nutrient rich diet and effectively managing stress. It’s never too early or too late to start taking better care of ourselves and small changes today can help lead to healthy years to come.

JUNETEENTH

On June 19th, we proudly recognize and celebrate Juneteenth, a day that commemorates the emancipation of enslaved African Americans and honors freedom, resilience, culture, and progress. Juneteenth serves as an important reminder of our nation’s history while also celebrating the strength, achievements, and contributions of the African American community. As we reflect on the significance of this day, we encourage everyone to come together in unity, learning, and appreciation as we continue building a welcoming and inclusive community for all.
